

## Prayer for Human Resources Managers

Dear Lord Jesus,

You have called human resources managers to care for the human resource needs of your ministries.

May you grow in your human resources managers

- the discernment and communication skills of James, who was able to find consensus and draw all people together;
- the ability to see potential in people like Paul, who invested in Timothy and many others;
- the trustworthiness of Rahab, who kept a secret; and
- the tact and diplomacy of Nathan, who was able to share truth honestly and effectively.

May your Spirit guide your human resources managers to

- manage the ministry's employment environment well, and
- work with the leadership team to develop and steward the staff.

I pray that you would bless your human resources managers with

- great relationships with staff;
- an ability to separate self from the problems of others through good self-care;
- a life rich in the experience of Christian spirituality and enjoyment of your presence; and
- the fullness of your shalom, that their lives may be all that you meant life to be.

In your beautiful and powerful name, Amen.
